New Customized Services for School Districts

The High Road Schools of Connecticut are well known for delivering personalized attention and flexible curriculums to students with special needs in alternative education settings. But we also provide a menu of targeted services designed specifically for school districts and public school personnel who work with children with special needs:

- Consultation Services** (in all areas of special education)
- Behavior Data Tracking & Analysis**
- Educational Case Management**
- In-District Programming & Classroom Management**
- Related Services Evaluations**
- Individual & Small-Group Trainings**
- Homebound Tutoring**
- Professional Development Opportunities**

To learn more about how we can help you fulfill all your special education requirements, call today for a complimentary consultation session!
