We're incredibly proud of our team of teletherapists and clinicians from all disciplines, in all the domains we serve. We've learned so much from you over the past year, and as the school year winds to a close, we wanted to create an opportunity for all of you to learn from one another as well — to share tips and tricks, advice, guidance, best practices ... anything and everything you've implemented (whether it was successful or not!) that you think could help your colleagues to make us all better, not just across TalkPath Live, but across the whole teletherapeutic space for the individuals in need who we treat with such care and commitment.

Please join us for this collegial exchange of ideas. Bring your favorite beverage and snack to make this collaborative hour a truly happy hour ... but most of all, just bring yourself. Because you — what you contribute to TalkPath Live — is invaluable!
